

R/V LANGSETH Science Participants list

Cruise ID:

PI Name:

Dear Chief scientist/PI;

R/V LANGSETH can carry a science party of 34 persons, a number which includes L_DEO technicians and mammal observers, as required. During non-seismic voyages, three L-DEO technicians will be included in the science party. During seismic trips, 3-4 seismic source technicians and 3-5 marine mammal observers will be added, depending on the needs of the survey. Most staterooms are shared by two people. Please give passport numbers when cruise has foreign ports, or for foreign scientists. Otherwise, driver's licence numbers are required for security ID.

(For US cruises, enter
license # & state)
