OAKLAND, CALIFORNIA, MONDAY EVENING APRIL 23, 1906

NO. 54

THOUSANDS SUFFER IN DRENCHING RAIN!

SAN FRANCISCO, APRIL 23.—A DRENCHING RAIN FELL UPON SAN FRANCISCO LAST NIGHT. FROM MIDNIGHT UNTIL 3 O'CLOCK IT POURED AND DRIZZLED AT INTERVALS, WHILE A HIGH WIND ADDED A MELANCHOLY ACCOMPANIMENT, WHISTLING AND SIGHING ABOUT THE RUINS OF THE BUILDINGS IN THE BURNED DISTRICT. FIVE DAYS AGO WHEN THE FIRE CATASTROPHE WAS IN ITS INFANCY THIS DOWNPOUR WOULD HAVE BEEN REGARDED AS A MERCY AND A GODSEND. THIS MORNING IT COULD BE REGARDED IN NO OTHER LIGHT THAN AS AN ADDITIONAL CALAMITY. FOR IT MEANT INDESCRIBABLE SUFFERING TO THE TEENS OF THOUSANDS OF HOMELESS PEOPLE CAMPED UPON THE NAKED HILLS AND IN THE PARKS AND OPEN PLACES OF THE CITY. FEW OF THESE WERE PROVIDED WITH A WATER-PROOF COVERING. FOR THE MOST PART THEIR ONLY PROTECTION FROM THE WET WAS A THIN COVERING OF SHEETING TACKED UPON IMPROVISED TENT POLES. THROUGH THIS THE WATER POURED AS THROUGH A SIEVE WETTING THE BEDDING AND SOAKING THE GROUND UPON WHICH THEY LAY. WHEN IT IS UNDERSTOOD THAT THOUSANDS UPON THOUSANDS OF DELICATELY-NURTURED WOMEN AND INFANTS IN ARMS AND OLD AND FEEBLE PEOPLE WERE IN THIS PLIGHT, NOTHING NEED BE ADDED TO DESCRIBE THE MISERY OF THEIR CONDITION. THE DOWNPOUR HAS AGGRAVATED THE ALREADY UNSANITARY CONDITION OF THE CAMPS, AND WILL DOUBTLESS ADD GREAT NUMBERS OF PNEUMONIA CASES TO THOSE ALREADY CROWDING THE REGULAR AND TEMPORARY HOSPITALS OF THE CITY.

By C. E. WILSON of THE TRIBUNE Staff.

SAN FRANCISCO, April 23.—After being visited with a disastrous earthquake of the corkscrew variety and receiving a baptism of fire such as no community ever received before, the city and its homeless thousands was visited last night with its baptism of water. The great heat which ascended during the fire apparently came back in the form of rain. It was accompanied by a bitterly cold wind and brought with it almost an untold amount of suffering among those camped at Fort Mason, the Presidio, along North Beach and at Golden Gate Park.

For four days and nights sleep scarcely closed the eyes of the thousands who were first panic stricken by earthquake and then terrorized by uncontrollable fire last night would have

been one of peace, as during the last twenty-four hours the city had been free from fire. In the early hours of the morning the third disaster in the way of merciless rain descended on the defenseless heads of the stricken people. Those who had not already been awakened by the cold which was biting, were awakened by the huge rain drops as they fell.

NO FIRE WOOD.

Those who were provided with tents did not suffer so much from the rain as the cold. There was no fire wood at hand and the great mass of suffering humanity had to submit to the drenching of the rain. Mothers wrapped their young ones up as snugly as possible in blankets and protected them from the sheets of snow-cold rain.

The men in turn sought to shelter the women. During the long weary hours when sleep was impossible the

victims stoically bore the third of their afflictions. "Things go bad for a while," said the men, "but it was one element absent from the last visitation. The earthquake and fire carried a homeless horror with it which drove hundreds insane. The rain brought no terror to the souls of the homeless but simply brought discomfort and added to their miseries. The courage and fortitude remains unbroken, however, and the last misfortune has not dampened the hearts of the vast throng, which became cooler and trustful immediately after the fire was under control.

SAN FRANCISCO, April 23.—Several thousand men went to work this morning in earnest. Before the week is out it is estimated that at least 25,000 men will be at work and possibly twice that number. Quarters on the fringe of the burnt district and in some places right within the district are being erected for the use of the workmen.

The motormen and conductors of San Francisco have shown themselves a hardy lot. They have gone to work as day laborers with the pick and shovel to earn a sufficient amount of money to fill the mouths of their wives and babes with food. Pedestrians admired the pluck shown by the men and spoke encouraging words.

The gas company, the electric railway company, the water company and the street department have all put men to work. The water mains are being repaired, and in a week there will be plenty of water everywhere.

The company has 1000 men at work and will put more to work. The street car company has fully the same number and will put many times that number to work. The old employees of the company will be given the preference.

The street department, working under the board of works will employ all of those who apply. In a few days quarters for thousands of workmen will have been provided and the great congestion of homeless in Oakland and the other bay cities will be relieved.

an ironical philosophy, "and get worse."

"Things go bad for a while," said the men, "but it was one element absent from the last visitation. The earthquake and fire carried a homeless horror with it which drove hundreds insane. The rain brought no terror to the souls of the homeless but simply brought discomfort and added to their miseries. The courage and fortitude remains unbroken, however, and the last misfortune has not dampened the hearts of the vast throng, which became cooler and trustful immediately after the fire was under control.

As medical supplies are at a premium at the present time the rain and the consequent sickness will make the scarcity disastrous.

Pneumonia and colds are apt to be prevalent and without an additional medical supply many deaths are apt to occur.

Tents, however, have begun to arrive and in a few days the majority of the campers will be housed up.

ONE BLESSING.

There was one blessing which was brought by the rain and that was the atmosphere was cleared of its choking dust and the smouldering ruins were wet down and are less apt to start any fires in the unburned district.

and fire carried a homeless horror with it which drove hundreds insane. The rain brought no terror to the souls of the homeless but simply brought discomfort and added to their miseries. The courage and fortitude remains unbroken, however, and the last misfortune has not dampened the hearts of the vast throng, which became cooler and trustful immediately after the fire was under control.

As medical supplies are at a premium at the present time the rain and the consequent sickness will make the scarcity disastrous.

Pneumonia and colds are apt to be prevalent and without an additional medical supply many deaths are apt to occur.

Tents, however, have begun to arrive and in a few days the majority of the campers will be housed up.

ONE BLESSING.

There was one blessing which was brought by the rain and that was the atmosphere was cleared of its choking dust and the smouldering ruins were wet down and are less apt to start any fires in the unburned district.

A force of dynamiters under the direction of the military has begun the work of demolishing the standing walls of the skyscrapers. The detonations this morning startled the inhabitants into a belief that the fire had started anew. Some of the more timorous imagined that the earthquake had returned. The fears of the people were soon quieted on learning that the buildings dangerous to traffic were being blown up.

WORK OF RAZING.

The work of razing the standing walls was commenced at Twelfth and Market streets. Here two buildings were blown up. At the corner of Ninth and Market streets, a huge structure was blown down. The conclusion was so strong that the wall adjoining was blown over. The next building to be demolished was the Murphy building at the junction of Market and McAllister. This building was occupied by Fragers dry good store.

The Examiner walls will be blown up this afternoon. By night fall all of the most dangerous buildings will have been demolished on Market street.

THOUSANDS OF MEN CLEARING AWAY DEBRIS

RED CROSS AUTO FIRED UPON; 1 MAN KILLED

(By Associated Press.)
SAN FRANCISCO, APRIL 23.—MAJOR TILDEN, A COMMISSION MERCHANT, MEMBER OF GOVERNOR PARDEE'S STAFF, AND ONE OF THE MOST PROMINENT MEMBERS OF THE GENERAL RELIEF COMMITTEE, WAS SHOT AND ALMOST INSTANTLY KILLED IN HIS AUTOMOBILE ABOUT

TWELVE O'CLOCK LAST NIGHT WHILE RETURNING FROM MENLO PARK BY MEN SUPPOSED TO BE MEMBERS OF THE CITY'S PATROL.
HUGO ALTSCHUL, A COACHMAN, WHO WAS IN THE AUTOMOBILE, WAS BULLET, AND ANOTHER BALL PIERCED THE SEAT AND STRUCK R. C. SEAMAN,

ACTING LIEUTENANT OF THE SECOND COMPANY OF THE SIGNAL CORPS, IN THE BACK.
ALTSCHUL, WHOSE RIGHT CHEEK IS SWOLLEN WHERE ONE OF THE SHOTS GRAZED IT, STATED THAT TILDEN STOPPED THE MACHINE WHEN THE SHOOTING STARTED IN, JUMPED OUT OF THE CAR,

SAYING: "I AM SHOT—THEY HAVE KILLED ME," RAN TO THE SIDEWALK AND FELL DEAD.
THE THREE MEN UNDER ARREST ARE E. S. BOYNTON, A TELEPHONE INSPECTOR IN THE EMPLOY OF THE PACIFIC STATES TELEPHONE COMPANY, GEORGE W. SIMMONS AND MALCOLM T. VANCE.

THEY ARE ALL YOUNG MEN AND MEMBERS OF THE CITIZENS' PATROL. BOYNTON DECLARES HE DID NOT SEE THE RED CROSS FLAG ON TILDEN'S CAR AND WHEN THE LATTER DID NOT STOP WHEN CHALLENGED, HE FIRED IN THE AIR.
THE SOLDIER ON THE CAR THEN BEGAN SHOOT-

ING AND SIMMONS AND VANCE REPLIED.
THE KILLING OF TILDEN HAS CREATED THE GREATEST INDIGNATION.
THE FORCE OF THE BULLET HAD BEEN SPENT AND SEAMAN, WHO HAD BEEN DETAILED ON SPECIAL DUTY WITH TILDEN, PICKED THE BALL OUT OF HIS CARTRIDGE BELT.

THE SHOOTING OCCURRED AT TWENTY-SECOND AND GUERRERO STREETS.
THREE MEN SUSPECTED OF HAVING DONE THE SHOOTING ARE UNDER ARREST AT THE POLICE STATION AT TWENTY-SECOND AND MISSION STREETS.
Tilden was a prominent commission merchant of this city and was one of (Continued on Page 3.)

WANT THE STATE TROOPS WITHDRAWN FROM SAN FRANCISCO

SAN FRANCISCO, APRIL 23.—THE CITIZENS' RELIEF COMMITTEE, WHO, IN CONNECTION WITH THE MAYOR, HAVE CHARGE OF THE ADMINISTRATION IN THE CITY AFFAIRS, TODAY VOTED TO REQUEST GOVERNOR PARDEE TO WITHDRAW THE STATE TROOPS FROM THE CITY, AS THERE ARE PLENTY OF SOLDIERS TO GUARD THE PROPERTY INTERESTS AND TAKE CARE OF CAMPS IN WHICH THE DESTITUTE ARE CONGREGATED.

THE MAYOR AND THE COMMITTEE EXPRESS THEIR APPRECIATION OF THE SERVICES RENDERED BY THE NATIONAL GUARD.

SAN FRANCISCO LOSS IS THE GREATEST IN HISTORY

Exceeds the Loss of Chicago, Boston and Baltimore Combined—Insurance Loss Will Approximate \$150,000,000; Total Loss Over Three Hundred Million.

The Underwriters have approximately tabulated the amount of fire insurance in force in San Francisco and find that it aggregates about \$223,000,000. They have not yet ascertained just what proportion covers the burned district, but estimate that

\$175,000,000 or \$180,000,000 is located within the area of loss, allowing for the few spots within the fire circle that escaped destruction. A prominent underwriter stated as his private opinion that ninety per cent of the face of the policies would be paid, after mak-

ing some small allowance for earthquake loss. "It is my belief," he said, "that the insurance companies will pay out something like \$150,000,000 for fire loss in San Francisco, which will be about fifty per cent of the total loss, which will probably reach \$300,000,000.

This will be the largest ascertained financial loss by any fire in the history of the world, not exceeding the great fire of London in the seventeenth century, of which we have very imperfect data. "The San Francisco fire caused a greater monetary loss than the fires of Chicago, Boston and Bal-

timore combined," he continued. Chicago's loss is estimated at \$150,000,000, Boston's at \$80,000,000, and Baltimore's at \$50,000,000, aggregating a total of \$280,000,000. San Francisco will beat that by from twenty to fifty millions. "She will also get more insurance than Chicago, Boston and

Baltimore combined, from the present outlook. "I do not think any considerable insurance failures will result from this fire, at least nothing like those which followed the burning of Chicago. In this instance the general adjustment of loss will be speedy and will be carried out, from present appear-

ances, with comparatively little friction and no great amount of litigation." The underwriters were in closed session all the morning in Reed's hall, deliberating on the situation and discussing plans and bases of adjustment of losses looking to as speedy payment as possible.

SUPERVISORS GUARD AGAINST EPIDEMIC

Supervisors Talcott, Rowe, Kelly and Horner had an informal consultation in the Supervisor's room at the Hall of Records, this morning, in which it was agreed that, while there is now no epidemic of any kind, yet it would be well to prepare for taking care of any cases of infectious disease that might occur, and the "chicken" ranch about a half a mile from the county infirmary, up hill, was selected as the best place.

IMPERFECT COURT HOUSE

It was agreed that V. T. Veitch and if possible V. L. Fortin, should be secured to inspect the Hall of Records and the Court House before any repairs were undertaken on them, except the removal of hanging plaster and such temporary improvements. The court-house will be closed to all business except the receipt of taxes. The upper part of the Hall of Records main building will also be closed.

Room for two courts will be provided in the Hall of Records building, probably in the annex, and the filing of papers, issuance of marriage licenses and the like will continue. Nine marriage licenses were issued Saturday and two this morning before 10 a. m. Mr. Allen, of Washington, who was intending to open the A Mon Chateau Pleasant Valley, it was decided, should be allowed to withdraw his application for license. He will return with his family to Walla Walla, where he has a business.

PAY YOUR TAXES.

Taxes become delinquent Monday, April 30. County Tax Collector Barber said to THE TRIBUNE today: "My office will be open the regular hours, from 9 to 5 every day to receive payment of them, from today on. "The holidays declared by the Governor will not in any way affect the payment of taxes. I will accept checks in payment of taxes providing the banks will accept them from us within a reasonable time, say thirty days; but the use of checks in payment is a matter that will have to be dealt with individually in each case. "I cannot grant any extension of the time during which taxes may be paid without penalty; that is a matter entirely in the hands of the Legislature. "I shall have to charge the penalty after the time fixed by law. If the Legislature should eventually grant extension then rebates can be made."

TAKE PRECAUTIONS.

Supervisor Talcott reported that he had given the necessary attention to the Webster street and Bay Farm bridges. Two schooners which had tied up to the latter bridge were last night removed by the joint action of Supervisor Rowe and the Oakland police department, and pains will be taken to see no others tie to it.

JUDGE SHAW'S WIFE MISSING

LOS ANGELES, April 23.—Mrs. Lucien Shaw, wife of Judge Shaw, of the State Supreme Court, has disappeared in the war of the elements that raged last week in San Francisco. She was seen on Thursday morning at the Shaw apartments on Pope street, San Francisco, where she was with the refugees to the hills. Judge Lucien Shaw went north on a special train Wednesday morning that cleared from here for the Oakland Mole. Thursday morning at daybreak he reached his apartments on Pope street. Flames were burning fiercely. A friend told him that his wife had fled just a few minutes before. He carried only a few articles in a hand satchel. For two days and nights Judge Shaw wandered over the hills and through the parks about San Francisco seeking among the 200,000 refugees for his wife.

For any pain, from top to toe, from any cause, apply Dr. Thomas' Electric Oil. Pain can't stay where it is used. You get used to poor tea and coffee and don't mind.—Schilling's Best.

OAKLAND WAGONS SEIZED IN SAN FRANCISCO

Mayor Mott and Mayor of Are Working Together at the City Hall.

The mayor has sent the following telegram to E. E. Schmitz and Brigadier General Funston: "Complaint received wagon sent with supplies from Oakland to San Francisco was held by military authorities. Up to this writing no answer has been received from San Francisco. On this morning three more companies of the regular army arrived in the city. The battalion is under the command of Captain A. H. Martin. They are Companies A, D and I of the Fourteenth Infantry. They came from Vancouver barracks. Previously to coming down, they had been engaged in field work and on reaching headquarters were given notice to move for this city. They were at the depot one hour later. Captain Martin reported to Mayor Mott this morning for assignment to places of duty. A company has already been located at the Broadgrange mole, with Companies B and C at Golden Gate Park, San Francisco.

These companies form only a part of ten companies from the same barracks which are to be located in various places in this vicinity. Two light batteries of artillery are to follow. They will bring with them 200 pack mules. Their command will be under the direction of Colonel James A. Irone. Governor Pardee has issued an order to all whom it may concern, that Mr. Pierce is engaged in relief work and that it is important that he and the men by whom he may be accompanied should be permitted without let, hindrance or delay to pass to and fro in the performance of their work. PLUMBERS FOR SAN FRANCISCO. Councilman Fitzgerald notified Governor Pardee that five hundred plumbers had been gathered together and would go today to San Francisco for the purpose of fixing gas and water pipes and carrying out such sanitary work as may be deemed necessary in the premises. These plumbers are residents of Oakland, San Jose, San Francisco and other cities and passes have been issued to them to go back and forth between this city and San Francisco. All the plumbers in question have been certified to by the

Plumbers' Unions of this city and San Francisco. DENVER ELKS. A telegram was brought to headquarters by Senator Lukens showing that the Denver lodge of Elks had forwarded a car load of goods of all kinds, consigned to Judge H. J. McWhorter, of this city. The goods have been turned over to San Francisco lodge No. 3, B. P. O. E., the membership of which suffered severely in the late disaster. REDWOOD JAIL GOES. Sheriff Mansfield of Redwood City has informed Governor Pardee that the county jail at that place had been wrecked, that the misdemeanor prisoners had been set at liberty and that there was no chance to accommodate San Francisco criminals there. TEXAS AIDS. The Baptist Church of Amarillo, Texas, authorized the governor to call on it, through the National Bank of Commerce for \$111,000. HUB'S QUERIES. Mayor Mott has received the following: "Do you need doctors and nurses? We can send a number if needed, who can arrive in six days. "JOHN F. FITZGERALD, Mayor." The mayor wired an answer accepting the offer.

Here is another from Boston: "Sending to you by fastest express. Have just wired Salt Lake to ship \$10,000 more food supplies. One hundred thousand dollars in cash in Hongkong and Shanghai bank now at disposal of Governor of California and Mayor Schmitz, which we have not heard from. Communicate with them. If this money is all used notify us immediately. Our representative, Jacob Furch of Seattle, will call on you regard to this matter." "Twenty-five thousand dollars in food has already started from Los Angeles. \$25,000 more from Omaha, \$25,000 food from Tacoma, and doctors and nurses and \$10,000 in medical supplies and antiseptics from Tacoma." The mayor acknowledged the receipt of the offer and accepted the same, and stated at the same time that there was no immediate demand for doctors or nurses.

OPEN PARK FOR MERCHANTS

The city council has opened West Oakland Park to the manufacturers and merchants of San Francisco who have lost structures and goods in the late fire. ERECT STRUCTURES. The firms in question will be allowed to erect temporary buildings and to use them for a time which may be agreed upon between the San Francisco people and the representatives of the city for the transaction of business. FREE USE OF GROUNDS. No charge will be made for this use of the public ground. This park comprises about ten acres and it may readily be seen that a large number of firms of San Francisco, which give employment to hundreds

of people, can easily find accommodations there. Action along this line was taken by the city council at a meeting held this morning, at which all the members were present by the adoption of the following: "Resolved, That the Board of Public Works be, and is hereby authorized to grant responsible manufacturing or commercial firms of San Francisco, who had their enterprises ruined or have been unable to transact business in said city of San Francisco, as a consequence of the earthquake, the use of West Oakland Park in which to erect establishments in which to do business, the area, locations of buildings, etc., to be determined by said Board of Public Works." A great deal of enthusiasm prevailed and there was a general expression of opinion to the effect that the Council would do anything in its power to aid the merchants and manufacturers as well as the unfortunate individual sufferers of San Francisco. The Council will meet every day until further notice. The next meeting will be held tomorrow afternoon. Good tea and coffee pay ten times over.—Schilling's Best. Pain from indigestion, dyspepsia, and too hearty eating, is relieved at once by taking one of Carter's Little Liver Pills immediately after dinner. Don't forget this.

YESTERDAY WAS THE DAY OF DISCOURAGEMENT. TODAY IS THE DAY OF HOPE. PAST IS THE PERIOD OF DISAPPOINTMENT AND DEPRESSION. NOW IS THE TIME OF PLANS AND AMBITIONS.

TO OUR FRIENDS, OUR CLIENTS, AND ALL WHO MAY NEED OUR SERVICES IN THIS HOUR WE OFFER THEM FREELY. WE WANT TO HELP IN THIS VAST WORK OF BUILDING UP. WE WANT TO AID IN THE WORK ON CONSTRUCTION OF A NEW METROPOLIS OF THE PACIFIC ON THE EAST SIDE OF THE BAY.

HERE LIES THE LAND FOR FACTORY, AND SHOP, AND OFFICE, AND HOME. HERE IS THE CITY OF THE FUTURE. THE WALLS OF WORKSHOP AND OFFICE STRUCTURE WILL SOON BE BUILDING. LET EVERY MAN BE SURE THAT THESE WALLS ARE IN THE RIGHT PLACE, WHERE THE CITY OF THE FUTURE IS TO BE.

OUR OFFICE IS AT THE SERVICE OF OUR CLIENTS, OUR FRIENDS, AND ALL WHOM WE CAN HELP. OUR FACILITIES AND KNOWLEDGE OF REAL PROPERTY ON THIS SIDE OF THE BAY ARE AT THEIR DISPOSAL.

WE WANT NO MONEY; WE DESIRE MERELY TO BE OF SERVICE TO THE COMMUNITY.

FIRST OF ALL, THIS IS THE TIME TO SECURE YOUR OFFICES AND SITES. DELAY IS WASTE.

FOUR HUNDRED DEAD NORTH OF MARKET

SAN FRANCISCO, April 23.—The work of recovering bodies from the ruins in San Francisco is proceeding slowly on account of the difficulty in getting around the city. No definite estimate can be made of the number of people killed.

It is stated by the authorities that four hundred bodies have been taken from the burned district north of Market street.

In the district south of Market street very little work has been done, and it is estimated that there will be at least twice the number of bodies taken from the ruins.

This will bring the estimate of the dead up to at least 1200. There is no doubt but what there are hundreds of people buried in the ruins whose bodies will probably never be recovered.

The health department is doing everything possible to recover the dead and either have the bodies cremated or buried in order to prevent an epidemic. At the present writing the city seems to be in a pretty fair condition so far as diseases are concerned. There is no epidemic, and very little sickness under the circumstances.

HAD HAT OF GOLD ATTEMPTS HIS LIFE

An interesting incident on Friday last happened when one of the employees of the engineering department of San Francisco, while walking through the ruins, passed the Palace of Arts and noticed three men robbing a safe in the rear of the ruins of that building. He immediately ran to the corner and called to one of the soldiers on patrol, then ran back to intercept the robbers, who were fleeing, having seen the action of the young engineer. One escaped, but two of them ran into his arms. He promptly grabbed one and tripped him, holding him to the ground while the soldier drew his gun on the other one, who was fleeing, commanding him to halt. His order was obeyed, and the two culprits were then lined up before the muzzle of the gun, and commanded to throw up their hands. They were then searched by the young engineer and a large felt hat was filled with gold and silver coin which they had taken from the safe. The soldier wanted to shoot them, but was restrained from so doing by the engineer, who suggested that they be delivered to the authorities. They were then marched in front of the soldier up to the commanding officer. The hat was so heavy that the man had to hold it with both hands in order to carry it. They were bound and thrown on the ground, where they were told their fate awaited them pretty shortly.

BERKELEY, April 23.—Crazed by the excitement of the scenes of the last few days, E. F. Andre, a refugee from San Francisco, who was being cared for in a tent on the old baseball field of the University grounds, attempted last night to commit suicide by cutting his throat with a razor which he had in his possession. Andre was housed in his tent, No. 6, with cadets and seemed to be, up to last night, in a sane condition. About twelve o'clock he started to shout that some one had eight cans of coal oil and was trying to burn him up. With that he commenced to cut his tent to shreds with his razor. The University cadets rushed up to the man and endeavored to catch him. But with a bound he escaped them and tried to run out of the enclosure, brandishing his razor and trying to kill everyone who approached him. Seeing the guard at the gate he turned in his path, ran by the bleachers and commenced to slash his throat with the razor in his hand. But he was only able to cut a portion of his chin when the cadet guard rushed on him and he was overpowered and tied.

WILL BEGIN WORK ON THE TOWER.

The Pacific Construction Company, who built the ferry building, have been employed by the Harbor Commission to tear down and rebuild the tower which was condemned yesterday. Active work will be begun on Wednesday and the company is getting the necessary lumber and tools to the building to-day. The tower was twisted by the earthquake so that the connections of the steel frame are broken in many places in the three lower stories. The new tower will be made of reinforced concrete. The value of this material in construction is plainly shown in the floors of this building, which are undamaged, while the terra cotta partitions are badly wrecked.

W. J. DINGEE HAS GONE TO NEW YORK.

William J. Dingee, president of the Contra Costa Water Company, departed this morning for New York on a short business trip.

Architect G. A. Wright, late of the Schmeidler Building, 604 Montgomery street, San Francisco, was one of the very few architects of the city who saved the greater part of his office equipment from the flames.

UNLIMITED AID CAN NOW BE GIVEN TO CALIFORNIA BANKS.

NEW YORK, April 23.—Secretary Shaw has announced that the \$10,000,000 limit on telegraphic transfers to San Francisco has been lifted. All relief that can be promptly extended to California banks will be given.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For the Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acid, and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the Blood and any medical advice desired without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

PRESIDENT ROOSEVELT SUGGESTS HOW TO PROTECT RELIEF FUNDS

Dr. Edward Devine of the Red Cross Society of New York Will Have Charge of the Relief Fund—Comes From New York to Direct Work.

WASHINGTON, D. C., April 23.—The following statement was issued from the White House yesterday: "To the Public:—After a full discussion with Secretary Taft, the president of the American National Red Cross Association, who with the Secretary of War is controlling the army work and the expenditure of the money, probably two millions and a half appropriated and to be appropriated by Congress for the relief of San Francisco, I wish to make the following suggestion: "Contributions, both in money and in kind, are being given most generously for the relief of those who have suffered through this appalling calamity. Unless there is a proper organization for the handling of these contributions they will, in large part, be wasted and will in large part fail to reach the very people whom it is most to be desired they should reach. The American National Red Cross Association has sent out to take charge of the relief work, Dr. Edward Devine, general secretary of the Charity Organization Society of New York, whose experience has been very large in work of this kind. Dr. Devine will work in conjunction with Judge Morrow.

"General Funston has already been directed to co-operate with Dr. Devine, and has advised the Secretary of War that he will do so.

SECRETARY METCALF. "Secretary Metcalf, who is on his way to the Pacific Slope, will at once put himself in touch with Dr. Devine as well as with the Judge, the Governor of California, and the mayor of San Francisco, to see if there is anything else the administration can do, and he will assist in all possible ways.

the effort to systematize what is being done. I recommend that all charitable and relief organizations and individuals who desire to contribute do so through the Red Cross Association and that where provisions and supplies are sent they be consigned to Dr. Devine, Red Cross, San Francisco, and that Dr. Devine be notified by telegraph of the consignments. "At the same time Jacob H. Schiff, treasurer of the New York Red Cross Association, New York, may be notified that the consignments have been sent to Dr. Devine, or else the notification can be sent to Charles H. Keep, assistant secretary of the treasury, Washington, D. C., and treasurer of the American Red Cross Association. I also suggest that all contributions that have already been forwarded be brought to the attention of Dr. Devine by telegraph, which telegram should state the name and address of the consignee and the amount and nature of the consignment. It is better to send all moneys to Mr. Keep or Mr. Schiff; they will then be telegraphed to Dr. Devine as the money is needed. "THEODORE ROOSEVELT." Judge W. W. Morrow, president of the California branch of the Red Cross, sent the following dispatch to the Red Cross general officers in this city: "We are securing immediate relief. Red Cross should prepare to render future relief for the poor who have lost everything."

RED CROSS WORK. The executive committee of the American Red Cross met in the War Department yesterday and had a long conference over the relief work. Reports showed that fifty carloads of food have been started to San Francisco by representatives of the Red

Cross in all parts of the United States and that the army is rushing provisions from every convenient center, and it is likely that the Red Cross will hereafter concentrate its effort on the raising of cash. The dispatches of Judge Morrow and similar dispatches from persons in California indicate that foods for the present time will be available in a short time and as storage facilities are limited in California an attempt will be made to avoid any congestion. More than \$100,000 has already reached Mr. Keep, the Red Cross treasurer, in contributions of all sizes, and every mail brings in additional checks. This money is being sent to army officers in the West, who have been designated as purchasing agents. These men are in constant communication with General Funston and consequently can learn exactly what is needed and send it in such manner that it will reach General Funston when he is prepared to use it.

WILL BE HERE TODAY. Dr. Edward T. Devine, the special Red Cross agent sent from New York to San Francisco, will reach California today and begin immediate co-operation with the army in caring for the needy. Both Mayor Schmitz of San Francisco and Governor Pardee have advised the Red Cross of their desire to avail themselves of Dr. Devine's assistance. William C. Edgar, of Minneapolis, who is in charge of the relief committee of that city, has advised the Red Cross of the shipment of thirty cars of flour to San Francisco and has advised the secretary of that organization that the shipment of breadstuffs will be continued as long as the Red Cross officers think it is necessary.

TAKES OFF THE DUTY

WASHINGTON, April 23.—Representative Gaines of Tennessee introduced a bill today admitting free of duty all goods, wares or merchandise which may be imported into the United States as gratuitous contributions for the relief of the earthquake sufferers in California and consigned to the Governor of that state, the Mayor of San Francisco, the Secretary of War or the Secretary of Commerce and Labor.

The bill further waives duty on building materials imported into the United States when satisfactory proof has been made to the Secretary of the Treasury that such building materials have been actually and permanently used in rebuilding San Francisco.

The Secretary of the Treasury is authorized to allow a drawback of the duty on the material used and after the duty has been paid he is authorized to refund the same, anything in any law to the contrary notwithstanding.

TAKE CARE OF FIFTY MEN

Governor Pardee has received a telegram from the Pacific Portland Cement Company stating that that company is prepared to take care of fifty men and their families at Cement, Cal., where employment awaits the aforesaid number.

Transportation for such persons can be secured by applying to State Labor Commissioner W. V. Stafford, at 25 and 29 New Tribune building, to whom Governor Pardee has referred the matter.

EMPLOYMENT FOR THOSE OUT OF WORK. Charles Teague, vice-president of the Shepherd-Teague Company, makes an offer to-day of relief for 5000 people. Fresno will shelter 3000 refugees and the adjacent towns are prepared to receive 2000.

Moreover, the company which Mr. Teague represents, will give 2000 acres of land to be used for one season; that is, twelve months. Transportation will be free to those who desire to avail themselves of the offer.

On the large Shepherd-Teague ranch there are fifty rooms ready to receive those seeking a home and employment.

AGUGUSTUS POLLOCK PASSES AWAY WHEELING, W. Va., April 23.—Augustus Pollock, the multi-millionaire tobaccoist, died here today, aged 76 years.

FUNSTON DID NOT QUARREL

WASHINGTON, April 23.—Secretary Taft's attention having been directed to the reports that friction existed at San Francisco between General Funston and Mayor Schmitz, he sent a message to General Funston asking for the facts in the case. General Funston's reply was received at the War Department today and read as follows: "Report of disagreement between Mayor Schmitz and myself must be based on the excited imagination of some overworked newspaper correspondent. Mayor Schmitz and myself have been working together in the unity of doing a great work, and we are helping to the extent of our ability, and apparently to the satisfaction of every friend of the community and all unfortunate people of the city."

The department also received today two telegrams from Mayor Schmitz on this subject. The first one which was dated yesterday, read as follows: "Reports of conflict between General Funston and myself absolutely without foundation. We are not only without difficulties, but are co-operating in the utmost friendship and harmony. General Funston's excellent work, his good judgment and his zeal in our cause by day and by night, are appreciated by the people of San Francisco in this hour of great distress. The army and nation are to be congratulated on the possession of such officers as General Funston."

The second dispatch from Mayor Schmitz, which is dated today, emphasizes this, the Mayor expressing his indignation at the "remarkably malicious and decidedly untruthful suggestion" that a conflict exists between General Funston and himself.

INTERNAL REVENUE OPENS OFFICE

The Internal Revenue office opened at the Postoffice building today. Stamps will be sold and other business transacted.

VOTES MONEY FOR RELIEF. KEOKUK, Iowa, April 23.—Keokuk voted \$1000 for San Francisco relief today.

FREE TREATMENT. Dr. Sarsfield of 1133 Filbert street will treat any person free of charge. Has three trained nurses in attendance.

GO TO San Jose

R. W. HENSEY, CHAIRMAN OF RELIEF COMMITTEE, SAN JOSE, HAS ASKED ASSISTANT GENERAL PASSENGER AGENT SHOUP OF THE SOUTHERN PACIFIC TO MAKE THE FOLLOWING STATEMENT:

"SAN JOSE IS NOW PREPARED TO CARE FOR 50,000 HOMELESS IF NEED BE. SEND 'EM ALONG. WE WANT 'EM. SAN JOSE WAS SMITTEN HARD. JUST HARD ENOUGH TO SHOW THE UNLIMITED COURAGE AND GREAT RESOURCES OF HER PEOPLE. WE HAVE A HOSPITAL FOR THE ILL; FOOD FOR THE HUNGRY; SHELTER FOR THE HOMELESS. SEND THEM TO SAN JOSE."

GILROY IS DAMAGED

GILROY, April 23.—In Gilroy the loss will amount to \$50,000. Nearly every chimney in town is down, and several of the fire walls are down. Plastering fell in the high school building and in many homes, and one or two of the churches. The heaviest loser is Thomas R. Rasmussen, whose brick store buildings are all damaged and rendered unsafe. Dr. Clark's operating room was in a sorry plight, many valuable instruments being ruined. The hospital patients were moved to other quarters. The plate glass windows in McComas & Roth's and Hecker's were broken. The cornice and fire wall is off the north wall of the hospital and the postoffice building. Robinson Hardware Company suffered a severe loss to their new stock of bugles and road carts. The heavy fall of bricks shattered the roof and the bugles it sheltered. Their loss is at least \$3000. R. Graef will have to rebuild his entire store building. The roof fell in and ruined his shoe shop. His loss is the cost of a new building. Princeville and Thomas' stores were a mess of canned and bottled goods. Hecker got off luckily, considering his immense stock of groceries and his fine cut glass. His loss will probably amount to \$500. The two drug stores suffered considerably. High priced drugs were mixed on the floor with patent medicines. Geo. Wentz' loss is \$200, and Ed. Johnson was hit harder. His building was damaged to some extent and his total loss is \$300. Mrs. Larrlet Ellis' brick block occupied by Riley & Peeny, and the adjoining property of Chappell & Co., lost the cornice and fire wall all around. Her property occupied by R. E. Wood was also damaged, and her loss will amount to \$2000. Many predicted that the city hall would be flat, but it stood the test admirably, losing only a little of the stone veneer, and some plastering inside. The Dunlap block lost the fire-wall at the rear and the glass front. Across the street the brick building occupied by the French bakery and adjoining saloon lost a portion of the front and fire-wall. A window and glass fronts went down with a crash. Bricks and clankware falling in homes roused everyone, and the streets were soon full of people. We thought we were hit hard until reports came in from Hollister, San Jose and San Francisco, and now we are thankful we were in Gilroy, where no lives were lost and the damage light in comparison with other towns.

BUILDING IS PARTLY SAVED

Attorney William M. Sims, whose office was at 504 Kohl building, corner of Montgomery and California streets, visited the building yesterday in company with an army sergeant, and found the first four stories badly burned, but all the offices above that practically unharmed. Said he, "The law offices of myself and George S. Howitt, Franklin K. Lane and his partner, Lederman, were not entered by the fire and all the papers, books and records of these offices are intact. The elevator was uninjured and only requires power to start it again. "In my judgment \$25,000 will repair the building and put it in as good condition as ever." Mr. Sims' temporary address is at the Athenian Club, Oakland.

EARTHQUAKE SHOCK. GRANT'S PASS, Or., April 23.—An earthquake shock was felt here a few minutes past 1 o'clock this morning.

**CARTER'S
LITTLE
LIVER
PILLS.**

CURE SICK HEAD ACHE

Sick headache and relieve all the troubles that result from a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their remarkable success has been shown in curing

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, at the same time, but by their gentle action, cause no ill effects.

Also they would be almost priceless to those who suffer from this distressing complaint, but fortunately their goodness does not end here, and those who once try them will find these little pills available in so many ways that they will not be willing to do without them. But after a quick trial

ACHE

In the hands of so many lives that are in want of our great boon. Our pills cure all while others do not.

Carter's Little Liver Pills are very small, very easy to take. One or two pills make a full dose. They are strictly vegetable and do not grip the bowels, but by their gentle action cause no ill effects.

SOLELY PREPARED BY
CARTER MEDICINE CO., NEW YORK
Small Pill. Small Dose. Small Price.

WILLIE AND JIMMY FOUND TO BE SAFE Editor TRIBUNE—There is a persistent rumor in San Francisco to the effect that I was killed. I am still on earth and am at a loss to figure out how the rumor started. Jimmy is also safe.

WILLIAM BRITT.
