Register for A Day in the Life of the Hudson & Harbor

**THURSDAY, OCTOBER 14, 2021**

http://www.dec.ny.gov/lands/47285.html
http://www.ldeo.columbia.edu/dayinthelife/

To register to take part in the 19th annual 'A DAY IN THE LIFE OF THE HUDSON RIVER & HARBOR' our 2021 event & supporting workshops we encourage you to register now either online or return this completed form to Margie Turrin at mkt@ldeo.columbia.edu. **Registration deadline is 9/17/2021!**

Name of individual contact_________________________ Organization OR School ________________________________

Address _________________________________________ School District ___________ County______________________

City ______________________ State ___ ZIP _________ E-mail____________________________________________________

Phone (H)___________________(C)____________________(W)____________________________________________

Event partner (please list person, organization, and contact information of any partner(s) for the day)

__________________________________________________________________________________________________________________________________________

**For the 2021 sampling event we plan:**

(1) A field program with students____ If planning a field program please list any site preference ________________

(2) A virtual program for the students______ (3) Want to participate but am currently unsure of the format ______

Have you participated in this event before? YES____ NO______

Number of students expected _______ Grade level of students __________ Number of adults expected _______

If a field program, what is the anticipated times of arrival at/departure from field site_________________________

I have sampling equipment for this event? YES____ NO______ Special needs, if any ____________________________

We have a limited amount of extra equipment and help we can give to groups for the day in the life event, please let us know if you feel that extra help is essential to your participation. _________________________________

**PLEASE NOTE:** Data collection is a central part of this event. During Day in the Life, you will be collecting data to submit to event organizers to share with other participating groups. Everyone shares and learns from the data and all of it is important, no matter what grade level is collecting. We provide training, support, and equipment expecting participants to carefully sample and submit their results. When we do not receive any data, or the data is incomplete we must reconsider whether to provide support in the future, as chasing after data is time consuming. Prior to the Day in the Life event make a plan for how your group will be collecting, recording and submitting data. Be sure someone is assigned to sending in the data. Please contact us for suggestions on how to manage recording and reporting. Thank you!

We encourage ALL OF YOU to sign up for distance learning prior to the event!

**I WOULD LIKE TO REGISTER FOR ONE OF THE FOLLOWING 2021 WORKSHOP(S):**

*The full day field-based workshop covers full protocols, equipment, and logistics for the event.*

____ August 26th, Thursday - 9:30-2:30 PM at the Norrie Point Environmental Center, Staatsburg NY

____ September 18th, Saturday 10:00-3:00 PM Sarah Lawrence College CURB at Beeckak,

____ Special Topics Master's Workshop Tuesday August 17th, 2021, 5:00-6:30 PM: "Is the Hudson a river or an estuary?" Using data collected during "Day in the Life" we explore fish diversity, habitats and salinity to investigate one burning question: Is the Hudson a river or an estuary? The full activity is adaptable for use with all age students.

*For more information on workshops contact Rebecca Houser rebecca.houser@dec.ny.gov – (845) 256-3115*

RETURNING PARTICIPANTS PLEASE TAKE A MINUTE TO ANSWER THE QUESTIONS ON THE NEXT PAGE!
SCHOOL NAME _____________________________________

We would like to learn a bit more about our returning participants, so we can better help you. Please take a minute to answer the questions below:

1) Did you prepare your students before the Day in the Life field trip using any of the following resources? [if yes please check all that apply]
