Subj: Drug and Alcohol Policy -R/V MAURICE EWING

The Office of Marine Affairs at Lamont-Doherty Earth Observatory supports a policy of ZERO Tolerance. The use, possession, distribution, or any other activities involving alcohol, illegal drugs or controlled substances on board the R/V MAURICE EWING is prohibited. This will result in relief of duties, removal from the vessel at first opportunity, and a letter to your home institution.

In the event of a "serious marine incident" as defined by the Code of Federal Regulations, all individuals involved in the incident will be subject to drug and alcohol testing.

Anyone purchasing an alcoholic beverage as a gift or souvenir must make arrangements in advance with the Captain to have it placed in locked storage under the Captain's control until the individual signs off on completion of assignment or departs the ship on completion of the cruise.
